What do couples say?

On reflection, our wedding day exceeded my expectations.

Thank you for making our day a special one.

Hemsworth Estate was the perfect setting for us to get married. The location was very important to me, as you know, I grew up just down the road. Your gardens are stunning and, in my opinion, the layout is perfect. We have had so many positive comments about Hemsworth and many locals commented that they drive past so often but had no idea of the beauty hiding behind those big trees.

I loved all Rebecca's great ideas – from the ceremony decor with the silk arch and the floral arrangements at the front to the outdoor bar leaners made out of your old wool pack holders .. ingenious!!

Thanks again for all your hard work and organisation leading up to and especially your behind the scenes work on the day!

What do couples say?

We had the best wedding day and it was down to you guys making it all happen, from the calm nature of you both, the organisation of the day, the beautifully presented gardens and ceremony, the amazing high tea and the love we felt from you just made the day feel so perfect. We cannot thank you enough for everything you did for us.

What do couples say?

My husband and I along with our close family members thoroughly enjoyed our time at the Hemsworth Estate. It was honestly the best decision we made when it came to choosing where and how we were going to marry each other.

Rebecca (who took care of all the planning and organising) made the whole process of eloping there so easy, peaceful and relaxing. We truly appreciate her kindness, attention to detail and hospitality.

To newly engaged couples or anyone planning their future wedding, we would highly recommend getting married at the Hemsworth Estate.

There's so much history, detail and art in this home. It's truly breathtaking. We would definitely return here to stay the night and suggest this place as a venue to our family and friends.
