CONGRATS

you're engaged!!!

I ASKED HUNDREDS OF COUPLES ONLINE...
AND THIS WAS THEIR GREATEST FEAR:

*“What if I don’t love my photos? I only
have one chance at this!”*

It’s a valid fear. You can’t re-do your wedding day! So, is it possible to be able to enjoy your wedding day, knowing for certain that you are going to love your images when all is said and done? Well, after 9 years photographing beautiful weddings for amazing Couples, I can tell you that the answer to that question is “Yes.” You can know for sure that you’re in good hands... but it requires more than just booking a vendor.

"THE GUT-BUSTING LAUGHS
THE MOMENTS WHERE TIME
STANDS STILL
LET'S CAPTURE THE REAL STUFF"

ABOUT

I'm a proud North Canterbury local, wife to an amazing husband, and mum to two cheeky kids who fill my world with laughter (and the occasional chaos).

I love good food, travel, cosy Netflix nights, and a cheeky online shopping spree. That love for people, connection, and making memories flows into everything I do behind the camera.

Your wedding day should be about being there — laughing, crying, dancing, and celebrating with the people you love — not disappearing for hours of stiff, staged photos. My style keeps you in the heart of your day, capturing real, unposed moments and short bursts of epic portraits so you can relive not just how it looked, but exactly how it felt.

I believe that wedding photography is done best when couples have a relationship with their photographer and fully trust them.

This is how I have guaranteed and delivered incredible photography experiences to couples in the past 6 years!

When I arrive on a wedding day, I need to feel like an old friend and not like a stranger. This affects every aspect of how your photos will turn out!

Keep reading to get to know me and learn more about who I am beyond the camera.

A romantic wedding photograph of a couple on a white stone staircase. The groom, in a dark suit, is kissing the bride's cheek. The bride, in a white dress, is smiling. The staircase has a polished metal railing and is surrounded by lush green plants and ferns. The lighting is warm and golden, suggesting late afternoon or sunset.

KIND *Words*

Thank you so much Libby for our wedding photos, we love every single one of them, and can not stop looking at them and showing our friends and family!!

You made our day run smoothly, we had lots of fun with you, and never felt rushed or forced to smile which is what we were worried about!

Thank you Thank you Thank you!

MY
Promise

YOU KNOW YOU WANT GREAT IMAGES ...

But what you may not realise is that you need a ***great experience*** with your photographer more than anything! That is exactly what I promise to give you. Over and over and over again, my couples rave about their experience almost more than their images! Why? Because in order to get those natural, genuine portraits that truly capture who you are, you have to ***feel comfortable*** with the person taking them. The way you feel while you are having your portraits taken heavily influences how you feel when you see yourself in the final images. I have worked with so many Couples over the last 9 years and I can honestly say it is 100% possible to love how you look in your images if you feel comfortable while having them taken! Creating comfortable, ***joyful and genuine client experiences*** is what I specialise in and I am excited to share more about what the Libby Ellmers Photography Experience includes!

Albums

Stunning custom albums from Queensberry, these are tried and tested and rated the best in the world!

Express yourself.

“Less is more” is overrated. More is definitely more. With the ability to customize nearly every feature, you won’t find a more customizable book than a Vision Art book. You are documenting a million shades of emotion...your book should be able to keep up.

Envision this....

Your wedding day was everything you dreamed of — the start of your life together. Instead of letting those memories live on a hard drive, imagine holding them in a handcrafted legacy album.

Years from now, you're in your living room with your four-year-old on your lap, turning the pages together. They see grandparents, aunts, uncles, and friends celebrating with you, and their eyes light up at this glimpse into the day your family began.

Legacy albums aren't just for you — they're for the generations who come after you. What a beautiful gift to pass on.

You can also purchase a selection of loose fine art prints and framed prints of all sizes!
