

FLOURISH & FLAIR

Luxurious Silk Flowers For Hire

About Us

We're a husband and wife team based in Auckland, with a lifelong love of nature, and all things botanical. Our passion for floral design took off while planning the flowers for our own wedding, where we searched for arrangements that were beautiful, natural, budget friendly, and able to handle the summer heat.

That search led us to high-quality silk flowers, and we were genuinely impressed by how realistic they looked and how many creative possibilities they offered. Inspired by this, we set out to bring our range of customisable, long-lasting floral options to the Auckland market.

We are steadily growing our range of silk flower arrangements designed to be versatile and easy to adapt for any occasion, indoors or outdoors. We'd love for you to explore what our creations can bring to your event, home, or creative projects.

If you have a vision in mind, we're always delighted to chat about custom designs and help bring your ideas to life.

Quality Silk Flowers

Realistic Florals

Creating arrangements that closely reflect the beauty found in nature is important to us. That's why we choose high quality silk flowers with colours and textures inspired by real botanicals.

Colours Found in Nature

Soft blushes, leafy greens, sunlit tones. we aim to bring the beauty and style of fresh florals into designs that can be enjoyed for far longer, in any season, at any time. Our goal is to offer the natural charm of real flowers, paired with the ease and longevity that silk can provide.

Textured

We choose silk flowers and foliage with textured details, so everything looks and feels that much closer to the real thing. By mixing different shapes and finishes, we create arrangements that bring a touch of nature's charm all year round.

Recent Projects

Poppy Garden

Reminiscent of an early summer poppy field, with an array of soft and delicate colours and florals - poppies, Queen Anne's lace, daisies, lamb's ears, and ranunculus, this arrangement is a basket of joy.

85 (H) x 62 (W)

Spring All Year Round

Why wait for spring to see these beauties? Ranunculus, hellebores, sweet peas, rambling rose, and glossy violet leaves, as if they've wandered in from a meadow.

75(H) x 85 (W)

*Height not including tall branches

Dandelion Dream

Dreamy, oversized, delicate dandelion dancing around with nerines, alpine flowers, mini allium and ferns, a lush woodland flowerbed that brings a touch of whimsy to any setting.

92 (H) x 66 (W)

Recent Projects

Lush & Natural

The most versatile arrangement, like a densely planted border. Gives any corner an instant lift with lush florals and mixed foliage. Try grouping or lining them together for added impact.

60 (H) x 65 (W)

Soft & Romantic

Soft touches of pink roses, wispy crisp greens, and dainty fluttery white bloom. Adding just the right touch of romance to the occasion.

Customisable as large or small bouquets. [To Be Quoted]

Simple & Elegant

Perfect for where clean, elongated lines and subtle colour palette works best. Less is definitely more with this arrangement.

Approx. 70cm - to the longest point

Recent Projects

Shades of Blush

A lush arrangement with a mix of blush tones. By blending soft blush, crisp green and pastel champagne shades, the whole piece gains depth without being overwhelming, creating a look that feels fresh and inviting.

Approx. 45 (H) x 40 (W)

Silver & Mauve

The silvery tones of the willow buds, olives leaves, and eucalyptus create the perfect backdrop for the blue and mauve mix of hydrangeas, and mauve pink roses. Perfect for bringing a subtle pop of colour to complement earthy tones.

Approx. 45 (H) x 50 (W)

Rustic Charm

Customisable in different floral tones - This rustic lantern is a great carrier and display on any table top or grouped with other arrangements to create a charming setting.

Approx. 45 (H) x 28 (W)

Recent Projects

Floral Baskets

For a relaxed but still impactful look. Baskets of different heights, filled to the brim with soft hued florals, add a lovely country side charm to any setting.
