CLIENT LOVE

"Hiring Mel for our wedding photographer was hands down the best decision we made in our wedding planning journey! When I discovered Mel I quickly became *head over heels in love with her ability to capture and photograph love the way I feel it*. She is an absolute master of light and elegance, and a true artist. My jaw hit the ground when we started receiving photos from our gallery and I have not been able to stop scrolling from top to bottom since. Mel is dedicated to customer experience and has been nothing but kind, thoughtful, welcoming and encouraging since our first interaction. 5 stars is simply not enough!!! Thank you Mel for capturing the magic of our wedding day for us to cherish forever, and nurturing our wedding day energy so perfectly"

"If you want people to tell you you have the best wedding photos they have ever seen, hire Mel. If you don't think you photograph well, hire Mel. If you want someone who knows what they are doing, hire Mel. My now husband and I are not great at being in front of the camera but when Mel showed me her screen I asked her if that was AI because I couldn't possibly photograph that well. Super talented, super professional and super quick to get our edited album back. 11/10 would hire Mel again."

"My words cannot even describe how beautifully Mel captured every gorgeous moment of our wedding. Her photos are so perfectly amazing. Mel has an innate talent for finding the perfect light, we spent a beautiful fun hour with her, chasing the light int he forest nearby and she knew exactly how to find it. The candid shots are so stunning and natural and the staged phototos have such a beautiful authenticity. Super creative and high energy. it was a privilege to have Mel capture our special day. We'd love to create another event just to work with her again!!!".
